MAC FOCUS

on Critical Limb Threatening Ischemia

SCHEDULED DATES FOR MAC FOCUS

09.04.2025 | 25.06.2025 | 17.09.2025 | 12.11.2025

JOIN US FOR THE MAC FOCUS WEBINAR ON CRITICAL LIMB THREATENING ISCHEMIA

Critical Limb Threatening Ischemia (CLTI) is a severe and life-altering condition that significantly impacts patients' quality of life, often leading to limb amputation. This webinar will tackle the major challenges in the diagnosis and treatment of CLTI, providing the latest insights and strategies for improving patient outcomes.

The webinar is held under the auspices of the MAC Conference, organized by Prof. Dr. Branzan, the Head of Vascular and Endovascular Surgery at TUM University Hospital. It is the first of a series of four webinars addressing critical vascular conditions, including Carotid Disease, Aortic Aneurysms, and Venous Disease.

Programme

09 Apr 2025

18:00 – 18:05	<ul style="list-style-type: none">• Introduction <i>Daniela Branzan</i>
18:05 – 18:25	<ul style="list-style-type: none">• Patient-based Approach in Chronic Limb-Threatening Ischemia: Expedite Revascularization versus Palliation <i>Marianne Brodmann</i>
18:25 – 18:45	<ul style="list-style-type: none">• Using Data to Determine Your Treatment Algorithm for Revascularization of Complex BTK Lesions <i>Sabine Steiner</i>
18:45 – 19:05	<ul style="list-style-type: none">• What to Do with No-Option CLTI Patients: Deep Vein Arterialization? But the Most Important Part Comes After the Procedure! <i>Marta Lobato</i>
19:05 – 19:10	<ul style="list-style-type: none">• Closing Remarks <i>Daniela Branzan</i>

Faculty

- **Daniela Branzan**
Professor of Vascular Surgery at Technical University of Munich, Germany
- **Marianne Brodmann, MD**
Professor of Angiology at Medical University of Graz, Austria
- **Marta Lobato, MD**
Vascular and endovascular Surgery Consultant in Hospital Universitario de Cruces, Bilbao, Spain
- **Sabine Steiner, MD**
Professor of Angiology at Medical University of Vienna, Austria

Why Attend?

- Learn the latest approaches to diagnosing and managing CLTI
- Gain insights from a distinguished faculty with extensive experience in CLTI care
- Be part of an ongoing educational series on key vascular conditions
